Executive summary

- Hansen Yuncken is one of Australia's leading, privately owned construction companies. The company was founded in 1918 and operates nationally with offices in VIC, NSW, SA, QLD and TAS.
- Hansen Yuncken has operated continuously in Tasmania for more than 75 years. During that time we have established strong working relationships with local subcontractor and supplier networks and have successfully delivered many landmark buildings.
- Hansen Yuncken employs approximately 35 staff in Tasmania and has more than 650 staff around Australia. The local branch includes a very capable mix of senior managers, project managers, site managers, contract administrators, design managers, services engineers, estimators, safety officers, carpenters, labourers and various support staff. Our Hobart office is located at 39 Patrick Street.
- Following a quiet period within the local construction industry, Hansen Yuncken are actively pursuing tender opportunities in order to meet our business plan targets. If successful, our intention is to service this project using current in-house administration and supervision resources.
- As evidenced by the table below, the overwhelming majority of our expenditure on recent large scale projects has remained with Tasmanian businesses and we are committed to continuing to grow the local construction industry through the Glenorchy Health Centre project.

Project	% Tasmanian Suppliers / Contractors	% National Suppliers / Contractors
Parliament Square Stage IA, \$69m	75%	25%
Launceston General Hospital, \$32m	83%	17%
MONA, \$64.5m	76%	24%
