<b>Procurement title</b>	Kings Meadows High School
<b>Name of Responsible Agency/Entity</b>	Department of Education

## ***Supplier details***

<b>Name of supplier</b>	Fairbrother Pty Ltd
-------------------------	---------------------

## **Executive summary**

- Fairbrother Pty Ltd is a Tasmanian company owned by its key employees. It has a branch based in close proximity to the Kings Meadows High School site.
- Fairbrother has over a number of years provided opportunities, guidance, management and financial support to local contractors to enable their companies to prosper and develop.
- The project is expected to result in direct work for 8-10 site employees and one office employee. The project may also result in employment of an additional 1<sup>st</sup> year apprentice and additional carpenters throughout the project.
- All contract works for the project will be undertaken by companies/subcontractors local to the region (estimated value \$5m). In addition, all materials/supplies will be sourced through local suppliers (estimated value \$250k). This will result in significant employment benefits to local enterprises.
- Where local contractors lack the necessary experience for the specialised work required by the project, they will receive guidance from Fairbrother. This will enhance the local skills base, and enable contractors to become more experienced to undertake larger projects. This in turn will allow them to offer employment opportunities to others.
- The project will provide significant indirect benefits locally, including use of local services such as truck drivers and hospitality providers and, through the construction of a purpose-built educational facility, facilitating better education outcomes for local children.
