-------------------------	-----------------------------

### **Executive summary**

Eyewitness Security Cameras Pty Ltd engages the services of associated companies to complete contracts in different areas of Australia. In Tasmania BJ Sienesi Electrical provides the major contribution to Eyewitness Security Cameras activity, with lesser contributions from other local contractors. These relationships have been in place for many years.

All installation of Eyewitness Security Cameras Pty Ltd systems in Tasmania will be undertaken by resident Tasmanians and sales support will also be carried out by resident Tasmanians. Supervision and technical guidance on major Eyewitness installations throughout Australia will be provided by Queensland staff.

In addition, staff from associated Tasmanian companies are regularly flown interstate to participate in major Eyewitness projects in Mainland States.
