

Tasmanian Industry Participation Plan (template/guide)

The Tasmanian Government is committed to maximising opportunities for local SME¹ businesses to compete for and win Government procurements. Suppliers/proponents are requested to prepare a Tasmanian Industry Participation Plan:

- For all procurements with a value exceeding \$5 million;
- For nominated procurements (at the discretion of the procuring Government entity) greater than \$2 million and up to \$5 million; and
- For private sector projects valued at over \$5 million that receive support, including in-kind support, valued at or greater than \$500 000 from the Government.

This Plan is your opportunity to demonstrate how your submission will positively impact on the local industry/economy. You do not need to answer all of the questions below and your submission may not necessarily be limited to these issues (which are provided as prompts). You will need to ensure you can verify the information you submit and where possible should provide actual numbers of staff (full-time equivalent)/values of goods and/or services.

For procurements, the Tasmanian Industry Participation Plan is an essential part of your submission and will be used by the procuring entity to evaluate your submission. In these circumstances, the Plan will contribute a minimum of 10% of the procurement evaluation. Suppliers that fail to submit a Plan will receive a zero score in relation to this criterion.

This template was specifically developed for procurement. Where a Tasmanian Industry Participation Plan is required for a private sector project, the template should be adapted to suit the specific circumstances of the project.
