-------------------------	-----------------

Executive summary

The DC Network, Compute and Storage contract with Data #3 Limited will positively impact the local industry/economy due to the following aspects:

- Data #3 Limited will leverage their local team of Tasmanian based engineers for this contract.
- Data#3 provides training and upskilling to local staff in an on-going basis, which lifts the skill set of the entire team. Local staff will gain skills and experience in new technologies through this contract to make them better placed for future opportunities.
- As the Data#3 business continues to expand, they are growing staff numbers, providing local employment opportunities.
- All Data#3 Tasmanian employees live and work here, with household incomes supporting their local communities. Data #3 use Tasmanian companies for all office functions to run both their Tasmanian locations, and when they utilise contractors, they again use Tasmanian companies.
- When Data#3 specialists and colleagues fly into Tasmania they contribute to the local economy with travel and accommodation expenses.
- Data#3 is a sponsor of the peak industry body, TasICT. Their Sales Manager is also a member of the TasICT board, which allows Data#3 to share their broad experience for benefit of the industry.
