# Tasmanian Government Tenders Website

---

## What is it and how can it benefit you?

---

### What is the Tenders website?

- The Tenders website is an eTendering system. It is a useful online tool used by agencies to provide information on tendering opportunities to businesses and to meet Government reporting requirements for awarded contracts.
- The Tasmanian Government Tenders website is available at [www.tenders.tas.gov.au](http://www.tenders.tas.gov.au).

### How to find opportunities

- You can find key information about tenders by browsing through future opportunities, tenders currently open, tenders closed for bids and awarded contracts.
- There are several search functions available on the website, including keyword searches and awarded contract searches.
- Browsing and searching are publicly available and do not require you to register for eTendering.

### How to register for eTendering

- Registering online is a quick and straightforward process. Register at [www.tenders.tas.gov.au](http://www.tenders.tas.gov.au).
- Registering is a two-stage process. Make sure you confirm your registration by completing the second stage.
- By registering, you can elect to receive automatic email notifications of new tenders in categories of interest as well as download tender documents and submit tenders electronically, where available.
- Access to eTendering is free.

### How to get notified about opportunities

- When registering, you will have the option to select specific categories of interest and receive email notification when tenders in those categories are advertised.
- Instead of having to remember to check online, you can simply read the email notifications when you receive them, and access further details via the links provided.

### How to respond to opportunities through the Tenders website

- When you find a tender opportunity you are interested in, if electronic documents have been made available for download you will be able to access the documents instantly.
- The Tenders website will also notify you by email if addenda notices are issued for a tender you have already downloaded.
- You can lodge your tender response electronically for selected tenders.
- Your response must be submitted before the deadline. The website will not accept a late tender.

### Where can I get more information?

- If you would like more information, go to [www.tenders.tas.gov.au](http://www.tenders.tas.gov.au) or contact the Tenders website support team via [tenders@treasury.tas.gov.au](mailto:tenders@treasury.tas.gov.au).
- For further information on Government procurement, go to the Winning Government Business section of the Purchasing website at [www.purchasing.tas.gov.au](http://www.purchasing.tas.gov.au).
