------------------	-----------------------------------

Russell Investments is a global investment manager headquartered in Seattle with offices in Sydney and Melbourne.

Russell Investments will employ two appropriately qualified investment professionals to be located full-time in an office in Tasmania for the term of the contract, whose duties will include, without limitation, assisting the Relationship Manager in managing the relationship between the Contractor and the Trustee and in meeting the requirements of the contract.

Russell Investments will, in each year during the three-year term of the contract, provide to a student of a Tasmanian university a full-time internship of at least 3 months over the university summer break in order to provide the student with investment and research experience based in Russell Investments' Sydney or Melbourne office.

The terms of the internship will include payment for working during the internship at appropriate industry rates, one return economy airfare to and from Hobart and the Contractor's relevant office location, and accommodation in a basic apartment or the like for the duration of the internship.
